Ecosumo.com is a Baltimore-based, one-stop, green online marketplace that focuses on stylish, functional products (home accessories, furniture, apparel, baby items, pet goodies, shoes, health, beauty and more). For beauty fanatics, look no further than Pangea Organics, including our obsession— the Egyptian Geranium Facial Scrub with Adzuki Bean & Cranberry (\$32), which removes dead epidermis cells and buffs up the new layer of [skin](#) with Geranium and Sweet Almond oils. The Pangea Shower Gel (\$16) is the sine qua non of organic pampering, the Egyptian Basil & Mint is a wake-up blast, and the Pyrenees Lavender with Cardamom, an insomniac's cure.
